War Food Administration,  
Summary to WFO 34 Revocation.

Because supplies of glycerine are adequate to meet current needs, the War

Food Administration has revoked War Food Order No. 34, which regulated use of the product prior to the suspension of use limitations April 1, 1944 and since

that time has required monthly reports from producers, refiners, distributors and users. Revocation of the order makes the filing of these reports unnecessary.
